

Keep On Dancin'

Usher

I admit breaking up is easier than commitment
But I don't want that for us
Our love is strong enough to never have an ending

There are problems everywhere
Heartbreak in the air
We say that we don't care, we're in our own world
When it feels like we're on our own
We ain't afraid to stand alone
We go back to what we know
Tell them what we learned

When the chips are down and you hit the ground
And you feeling like the love you had is vanished
When the music goes off and the DJ's going home
Get back out on that floor and keep on dancing
Gotta keep on dancing

Even if the music stops we gotta give it all we got
We keep on dancing (Keep on)
Dancing (Keep on)
Dancing (Keep on)
Dancing

Who has time for breaking up, if we're too stuck on our mission?
As long as we can both agree
That even if we say we're done, we're never really finished

There are problems everywhere
Heartbreak in the air
We say that we don't care, we're living in our own world
When it feels like we're on our own
We ain't afraid to stand alone
We go back to what we know
Tell them what we learned

When the chips are down and you hit the ground
And you feeling like the love you had is vanished
When the music goes off and the DJ's going home
Get back out on that floor and keep on dancing
You get out the floor

Even if the music stops we gotta give it all we got
We keep on dancing (Keep on)
Dancing (Keep on)
Dancing (Keep on)
Dancing

Give it all you got
Give it, give it all you got
Keep, keep on dancing
Give it all you got
Gotta give it all you got
Keep, keep on dancing
Give it all you got
Give it, give it all you got
Keep, keep on dancing (Oh, keep moving)

Give it all you got
Give it, give it all you got
Keep, keep on-

When the chips are down and you hit the ground
And you feeling like the love you had is vanished
When the music goes off and the DJ's going home
Get back out on that floor and keep on dancing
Gotta keep on dancing

Even if the music stops we gotta give it all we got
We keep on dancing
Dancing (Dancing)
Dancing (Dancing)
Dancing (Dancing)
