

Private Dancer

Usher

Vicious, from the toes to the lipstick
Who is this? where yo' man at girl?
Been tryin not to stare..
I shook your left hand,
Just so you see whats on my finger
But what you saw I guess means you don't care

And I gonna approach this situation,
With the utmost of precaution,
I don't wanna risk it,
Cos a girl like you don't come too often,

I know this ain't quite what your used to,
But I really need to introduce you to my

Private Dancer,
Whenever you need me you know
I will answer,
Cos baby this ones for you
Oh baby this ones for you

What is a private dancer, you ask
Well you know, my status
But never mind that,
Just gimme a call,
I want you to dance with me

See a bad one,
Gotta have one,
Bring it back one, one time
My dancer keeps me low key,

And I approach that situation,
With the utmost of precaution,
I don't wanna risk it,
But a girl like you don't come too often,

I know this ain't quite what your used to,
But I really need to introduce you to my

Private Dancer,
Whenever you need me you know
I will answer,
Cos baby this ones for you
Oh baby this ones for you

My private dancer ain't loud,
Shes never allowed to leave,
I keep her hip to my vibe,
Like a mobile device should beep,

Shes my private life,
My secret, shes so discreet
Give me a call in advance
And ill watch ya dance for me,

Private Dancer,

Whenever you need me you know
I will answer,
Cos baby this ones for you
Oh baby this ones for you

So if you gotta private dancer
Go put her up, put her up
And when you,

See a bad one
Gotta have one
Bring it back one
