In a world without you
No wish would come true
So even if a valley of blazing hell fire awaits us
I want to protect you

I don't need anything other than you
Most problems are of no importance
I won't wish for much, so please God
Please give me an unchanging tomorrow

There's someone relying on this heart
Stroking it at the end of the day
This isn't the time to be moping

Oh, the ordinary numbers become important

The world I walk together with you
Is breathtakingly beautiful
In the desolate wastelands
You squeezed back my hand

I don't need anything other than you
Most problems are of no importance
I won't wish for much, so please God
Please give me an unchanging tomorrow

I want to stay in this room a little longer
Where the broadcast informing the war's start
And the activists' footsteps can't be heard

Oh, the scent of my skin changes

Even if the era you live in
Is full of doubts and afflictions
The one shining brought enough to shake
The lights in the clear night sky is you

I don't regret anything other than you
Most problems are of no importance
I won't wish for much, so please God
Please give me an unchanging tomorrow

No matter how many times I'm asked,
I want to tell you
An unchanging answer

No matter what they say
I can't help fearing
Your fate

Let's submit to our endless pain
And continue the journey, darling
I have no place to go home to other than you
Not on heaven or earth
