A single boat hits the black waves

I want to gaze at many landscapes  
Someone else will choose the frame  
Hide and seek  
I never reach an end

Rays of spring sunshine light me up

I want to talk to dad one last time  
The plea of an old man  
Hide and seek  
The next one to be 'it' doesn't appear

The day called 'today'  
Was decided from the very start?  
Hide and seek  
The next one is up to you
