Coriander, chomp chomp
Coriander, chomp chomp
Coriander, chomp chomp
Coriander, chomp chomp
Chomp chomp, coriander
Coriander, chomp chomp
Coriander, chomp chomp
Coriander, chomp chomp
Coriander, chomp chomp
Chomp chomp, coriander

I could never grow to hate you
Even if I get insulted for it, I'll feign ignorance
A recital begins in the summer garden

Today might be the sun's birthday
Let's making him curry and say "Congratulations"!

Coriander, chomp chomp
Coriander, chomp chomp
Coriander, chomp chomp
Coriander, chomp chomp
Chomp chomp, coriander
Coriander, chomp chomp

Coriander, chomp chomp
Coriander, chomp chomp
Coriander, chomp chomp
Chomp chomp, coriander

Green, a terrible liar, and gentle
You were taught that gloomy, rainy days
are important too, right? You'll learn this when the time's right

Come to my place today
Once you cry, you'll realize
that you're really hungry

Coriander, chomp chomp
Coriander, chomp chomp
Coriander, chomp chomp
Coriander, chomp chomp
Chomp chomp, coriander
Coriander, chomp chomp
Coriander, chomp chomp
Coriander, chomp chomp
Coriander, chomp chomp
Chomp chomp, coriander
