

For Us

V (BTS)

You went from my home to
It was nice to know you
And it breaks my heart
That we gave it our best shot

Now I'm in California
I'm still waiting for ya
Will you change your mind?
I would give it all up
For us

Ooooh
I wish I could stay with you
Ooooh
I wish I could stay with you

Come before it's too late
I got things to say
Before I go
There's no time to wait
We can hide away
Need to let you know that

Ooooh
I wish I could stay with you
(I wish I could stay with you)
Ooooh
Know that I will wait for you
(Know that I will wait for you)

You went from my home to
It was nice to know you
And it breaks my heart
That we gave it our best shot

Now you're in California
I'm still waiting for ya
Will you change your mind?
I would give it all up
For us
