Lost without you, baby

Lost without you, baby
Lost without you, baby

I wish you would love me again
No, I don't want nobody else
I wish you could love me again, again
I wish you would love me again
No, I don't want nobody else
I wish you could love me again, again

I wish you would love me again
No, I don't want nobody else
I wish you could love me again, again

You left me
Took those memories with you
But even now, I can't let you go, let you go
Is that all you have to say?
One word, that's it?
If ever you regret this
Won't you let me know?
Let me know?

Fine, I will be honest with you
Put it all out there
I think about you all the time
Where you are, who you're with
Lost without you, baby

I wish you would love me again
No, I don't want nobody else
I wish you could love me again, again

I wish you would love me again
No, I don't want nobody else
I wish you could love me again, again

Am I the only one like this?
Are you okay if I'm with someone else?
Let's take it way back, slowly
Make it feel better, yeah, make it forever
Don't say it's okay
Said I'm alright, said I'll be fine
I'm sorry, they're all lies, please don't leave
Please don't go, so far away

Fine, I will be honest with you
Put it all out there
I think about you all the time
Where you are, who you're with
Lost without you, baby

Lost without you, baby
Lost without you, baby

I wish you would love me again
No, I don't want nobody else
I wish you could love me again, again
I wish you would love me again
No, I don't want nobody else
I wish you could love me again, again

I wish you would love me again
No, I don't want nobody else
I wish you could love me again, again
