Your bruise is starting to show  
I think they already know  
Stop, it's not like that  
You could never fall flat

Is this what you want? Death by ego  
Is this what you want? Death by ego  
Is this what you want? Death by ego  
Is this what you want? Death by ego

I've heard all this before  
You can't tell me anymore  
I've heard all this before  
You can't tell me anymore, anymore
