

## Honey

## Vacations

I've been here before  
This mise-en-scène reminds me  
Of all my mistakes  
As I know it's not too late

To set adrift  
On a new path  
And move further away  
From my former self every day

I'll find my way in time, in time  
I'll find my way in time, in time

I know it's not too late  
I know it's not too late  
I know it's not too late  
I know it's not too late
