Over You

Vacations

Hit me again, it's a rerun
Play round two just for fun
String me up 'til I'm undone
These thoughts they weigh a tonne

What's the deal?
What's the use?
Playing by your rules
This weight on my shoulders
More power to you
If it takes two
Can we call it a truce?
Didn't you know?

I'm so obsessed over you
I'm so obsessed over you
I'm so obsessed

Swing like a pendulum
Every breath with you is adrenaline
I'll practice an excuse
Only to miss my cue

What's the deal?
What's the use?
Playing by your rules
This weight on my shoulders
More power to you
If it takes two
Can we call it a truce?
Didn't you know?

I'm so obsessed over you
I'm so obsessed over you
I'm so obsessed

Rehearse your ritual
Act out what's good for you
Preach your thoughts
The only thing that's true
