Time Crisis

Vacations

This could be the last time
So I hope I see you on the other side
Nothing we have been through before
Keep on moving and we'll be out soon

Of course I can't do this without you
Of course I can't do this without you

This could be the last time
So I hope I see you on the other side
You've been waiting your whole life for this
Don't restart what you haven't finished

Of course I can't do this without you
No, I can't do this without you
Of course I can't do this without you
No, I can't do this without you

Can you feel the storm approaching?
It hangs so close, there's no turning back
Can you feel the storm approaching?
It hangs so close, there's no turning back
