

Mama Sushi

Vado

Hey you!
(GpBeatBangerz)
What's your name?
I like that
Where you from?
Oh word?!?
You here with them?
Aight I'ma send you a few pictures
Who?
Nah I don't know
How you gonna tell me who I know?!

You say you wanted all my time (uh hu uh hu yeah)
You say you wanna be on my mind
I hear you baby, I hear you baby

Beautiful day to get the toy washed
Right before I cross the George Wash'
It's nice out, time to go hard
In love, Rose gold, same as the Audemar
I just came from Louie Louie
Met this young cutie at Mama Sushi
I was on her back like mama knew me
Shorty got the glow of a star and I'm not a groupie
Soft baby skin, her hair pinned in a Doobie
Bright sundress, could see the print of her booty
Great day in the field to make a movie
Showing her the facts of life, my little tootie

You're my rider, my rider
Let's get higher and higher
'Cause we flyer than flyer
I could provide all the time you desire

You say you wanted all my time (uh hu uh hu yeah)
You say you wanna be on my mind
I hear you baby, I hear you baby

You kind of spoiled but you're loyal and I like that
If you don't answer when I call you hit me right back
You the type to ask my niggas where the dice at
Diamond sitting on ya wrist, look like an ice pack
Damn! I got nothing but love for ya
Here with open arms got nothing but hugs for ya
Getaway trip, I got nothing but drugs for ya
9am, have them opening clubs for ya, whoa
My addiction, same time the prescription
Had a happy home until you gave the eviction
I'm fucking with you, you could tell that was fiction
I'll be your physician, put you out of commission

You're my rider, my rider
Let's get higher and higher
'Cause we flyer than flyer
I could provide all the time you desire

You say you wanted all my time (uh hu uh hu yeah)

You say you wanna be on my mind
I hear you baby, I hear you baby
