

No Cap

Vado

She's tellin me more than I wanna know
I pull up before, and slaughter hoe
I'm showin off, where you wanna go?
My Wonder Woman, she so wonderful
Wonder why I get wonder though
She make sure I'm never comfortable
Arrogant, but I humble you
Where you goin, bae, I'm comin too
Get your money before these suckers do
She showed me the mean and the real love
When I know the meaning of real love
When something I needed, I feel love
Wouldn't believe it, a real drug
A better feel, this forever seel
No Coke, white as hell weals
Shoe boo, white as hell heals

If you heard, I'm that nigga that's acurat
Broke down the work, then I packaged it
Broke down the link, just to make sure the Patek fit
School of Hard Knocks, I'm a graduate
Niggas that used to walk with me, I travil with
You cobby my every move, that's not flattering
She get on top, do a backflip
Not want to, but fucked her on the mattress
So far from avrage, talk bout the game like an annalist
These niggas that poppin, they panickin
Get the lute from the rock, I handle it
Your shit quiet, mine on fire, like it's candle lit
Remember when Nate Dogg told me "these hoes is scandalous"
I want all the smoke, I'm addicted to Canabis
Every night, we used to eat sandwiches
We fucked till she couldn't move, like a mannequin
