

## Same Bitch

Vado

I caught her leaving the hodgy spot  
Lookin cold, but body hot  
If we talkin bad, she got it, huh  
Shit, you probably know her, you probably popped  
She gave me head in my Karali socks  
Way too much teeth, she kept bitin down, didn't know she Maly popped  
A private stock, I heard she with it, dirty kitchen  
That bitch like a big Vado fan, Dave East not as hot  
Bro, you gotta stop  
Imma just fuck her, fuck it, I got the not  
Plus, the shootin on the nuggit supposedly got her locked  
I ain't goin hard for that bustin, just want the sloppy top  
Good lookin, that's how we gotta rock

I'm with that same bitch, on Instagram she show out  
Every night, she go out  
Baby father broke out  
Got no bout  
That same bitch you see drippin, get thirsty  
All she want was a far series, apartment and jerzy  
Like Usher and R. Kelly, V, I think we caught the same bitch

LA trips, tummy tuck, her ass real, but got fake tits  
Had me in the Matrix, tryed to text, that bitch basic  
Cause basicly, we her favorite  
Body shaking, and I ain't even have to stab it or taiste it  
Like, once I grab it, I break it  
I'm known to bag it and rape it  
Got her all in her feelings, she started askin for David  
I kicked her ass with some Masing  
Remembering when that bitch left  
She rockin with nothin but Dipset  
I'm just stairin, while I get neck  
Then lift her head up, like, "play my shit next"  
Damb, why you lie, boo?  
You told me you loved Slime Floo  
Remember shoe shoppin, you copped the Shanells that were blue  
Remember I got tight, cause they ain't have 'm in my size, two  
I got cash, she love it when I pull her hair, smack her ass  
I let you go, I let you go  
Niggas tryed to cuff like Alcatraz, knew you since you was bummy  
Pussy was good, but your outfit trash  
Now I just see your mouth and laugh  
Look at that nigga without his cash  
Red bottom swag, no bag, but you let Vado smash

I'm with that same bitch, on Instagram she show out  
Every night, she go out  
Baby father broke out  
Got no bout  
That same bitch you see drippin, get thirsty  
All she want was a far series, apartment and jerzy  
Like Usher and R. Kelly, V, I think we caught the same bitch
