I'm a wave, girls just wave
Once that I hit it they saw I cannot buy just tell 'em behave
Graduate
It is a face
My house full of grace
You be amazed
I raise in a bar
Shots at the bar
Weed in the Jar

All I'm known for gettin' money and swithin' 'em cars

Bagging the chicks
House full of chicks
Out in P.A
[?] bricks
My chain calling Nebraska
My heart froze like alaska
My whip a spaceship bitch
The plates say NASA

Go do honest and fallen flow

All green light where they go

Ups and downs smokin' cups of

All money worth it when you worthless
The wave I purchased it be perfect
The wave I surf on the surface
My surfboard on fire like a circus
Too much fast through the dooring
Too much checks and four g
Know the swaggers trippin' like a four c
And Memorina I love it I woudn't posh it
[?] like is bag that
Baddest broad I can bag that
Twenty cars and they made black
Rappers goin' horse like a dead head
I didn't did that back in old '09
Had a more rugby in long time
Think I'm back from that roll time
Now all of a sudden they don't no slime

We da wave nigga
We da wave nigga
We some pay niggas
You just in the way nigga
All of your niggas they look like the fake niggas
All of my niggas got dirt on their hand nigga

We da wave nigga
