

Back At It

Valee

Hustle Squad

Two door, I'm back at it in traffic, I tapped it, didn't snatch
it

Rio Mac on the track

Hahaha

Two door, I'm back at it in traffic, I tapped it, didn't snatch
it

I got the pistol, oh, it's ratchet, I blast it, you nappin'

I got your bitch with me, she nasty, I smashed it, you askin'

I got this lean with me, it's clean, this shit gon' have you na
ppin'

Checkin' for a bitch like I walked in the candy store

I had stopped and got a fill up at the Texaco

I had stuffed the OG in the 'Wood and smoked it though

Mixin' lean with ginger ale, but I'm not sleepy though

Back to back, SS, one was white, I changed it back to black

I hit Saks fucked up, ten racks, it went back to stack fuckin'
racks

Might tax you if you askin' for a feature off the bat

I was in Miami, fuckin' up a couple racks

Thick bitch, real skinny, only her booty fat

White 'Rari, all white, only the tires black

Buyin' shit from everywhere, none of my designer match

Bitch want me to lay with her, but I ain't got no time for that

Two door, I'm back at it in traffic, I tapped it, didn't snatch
it

I got the pistol, oh, it's ratchet, I blast it, you nappin'

I got your bitch with me, she nasty, I smashed it, you askin'
