

Brand new Margiela's or Yeezy 350, I got your bitch with me and
you are jealous
I went to Spondivits, it's four or five groupies, as soon as they
see me, say "You are clever"
My diamonds is dancin', not missin' a beat, I don't talk on the
phone because you are federal
I'm gettin' sucked up at the light by a gnat, I'm with you, not
your friend, bitch, you are better

Hmm, lil' baby fuck for my dreadlocks, blue collar cons, got the
feds hot
Just bought a pound from the med spot, smoke to my face 'til I
pass out
I can sell mid to a cash cow, I fucked your bitch at my last house
use
I got some new dope to pass out, pressed out that bitch, then I
smash off

Hmm, hmm, pressed out that bitch, then I smash off
I fucked your bitch at my last house
Damn, pressed out that bitch, then I smash off
Woo, I got some new dope to pass out

I stayed up too long with a bitch, she from Spain, I got \$2000
eyewear on my main
And I fuck from the back, she too wet, I had do it on floor, not
the bed, now we close by the drain
I ran up a check, but I'm not out of breath, I go buy Valentino
, I'm dipped in that now
And this bitch want a purse but I told her "Uh-
uh", we pulled up in a truck, but I'm gettin' in that now
