

Rio Mac on the track

Just, just in case the coupe is kind of slow  
I added some more horses to the pack  
Just in case I leave without the pole  
I got one in the car, it's in the back  
I walked up to the bar and spent a stack  
I looked at my bitch ass and it was fat  
She said instead of Xans, she wanted flats  
She doin' it with no hands, now look at that

I popped a Xan because I needed rest  
I bought a treadmill 'cause I don't flex  
Just in case this rappin' won't work  
I'll start a restaurant with a check  
I, I just let a blonde give me neck  
Bought a pistol for my mom for some protection  
I might buy some Balmain's and neglect 'em  
I threw a bitch some ones and she fetched 'em
