

(Rio...)

In the two door, color egg yolk  
You can miss me with that shit, you ain't talkin' 'bout bread t  
hough

I'm with my Hispanic bitch, but I'm not her man though

(Rio...)

Got two dirty sticks, I look like commando  
And I stay ten toes, I don't gotta stand though  
I pop Addies by the four, I don't fuck with Xans though  
Met that bitch in January, but her name ain't Jan though  
I might have to toe tag you, now your name is John Doe

Might be ballin' in the mornin', but I'm not Alonzo  
My bitch suck the dick so good, don't think she got no tonsils  
Got Versace on and Off-White, that's just my ensemble  
Three-inch exhaust on my four doors, smoke like chimney, yeah  
Slingshot, polar wrist, no photos, drive like ten speed  
I'm from the housing projects, tryna pull up in Bentley, yeah  
Foreign car sad, look like it should say "Rent me"  
I put that bitch in Prada or some fuckin' Fendi  
Ron of Japan, it's not fuckin' Wendy's  
I take some Hi-Tech and mix that with ginseng  
I got an old school and the condition pristine  
I'm with a brunette and she like her hair dark green  
All blue hundreds, that meanin' they not green  
All blue hundreds on me, my niggas got loot  
All white Supersport, same color my tooth  
Keep the shit 1000 with me, all you gotta do  
Runnin' up a hundred thousand, all you gotta do

In the two door, color egg yolk  
You can miss me with that shit, you ain't talkin' 'bout bread t  
hough
