

Laflare

Valee

I be getting face like mascar
Two white bitches with me, I'm a share
All we doing is going up like a stair
All she wanna do is ride me like a fair
All I'm in is Gucci like La Flare
All my belongings in Gucci, I belong in there

Hellcat, I dog it, I might do donuts at Pet mart
When we hop out that smoke, just sit there like a chair
Chip on my shoulder but not veneers, I swear
Fifty round drums spark em like a flair
Hundred round drum go up like a flair
Fifty round drums spark em like a flair
I came from [?] my mami
My hellcat rolling loud that bitch Miami
Five past twelve five minutes swerving
Flying past twelve point tech swerving
Five past twelve five minutes swerving
Flying past twelve point tech swerving
Mouth like a tooth I'm getting the best brain
Fly southwest but I'm not a plane
Came in best dressed chain on top of chain
Insides brown look like Grand Canyon
Invert my top looking like a crane
Invert I leave, inadvertently

I be getting face like mascar
Two white bitches with me, I'm a share
All we doing is going up like a stair
All she wanna do is ride me like a fair
All I'm in is Gucci like La Flare
All my belongings in Gucci, I belong in there
