

Love Too

Valee

Have you ever fucked these bitches back to back, lookin' for the one who love you

If you could stack your guap to the motherfuckin' ceiling, I bet you'd love to

Have you ever fucked these bitches back to back, lookin' for the one who love you?

Cocaine coupe, that's a two door, strappin' back, will I bust you? Bitch, I'd love to

At the light next to 12, smokin' pack, took off on 'em 'cause I love to

I got my own agenda, I pour the 4 up in it

My bankroll, ain't no bendin'

Supersport and it kickin', can't see in 'cause it's tinted

That ain't yours 'cause it's rented

My neck and wrist is ignant, I spent the sack on Fendi

Like that shit ain't expensive

This shoes Madison Margielas, my bitch can't get no better

She made these bitches jealous

If you could stack your guap to the motherfuckin' ceiling, I bet you'd love to

Have you ever fucked these bitches back to back, lookin' for the one who love you?

Cocaine coupe, that's a two door, strappin' back, will I bust you? Bitch, I'd love to

At the light next to 12, smokin' pack, took off on 'em 'cause I love to
