Trench coat on I'm Sherlock Holmes
Know a couple niggas that'll run up in your home
Like home alone
These Gucci socks cost more than your shoes

Niggas got this shit backwards
If I'm with a bitch, then she's above average
Nigga try me then it's gonna end badly
Fire on a nigga, he's a box of matches
Now wait

Gucci belt 500, oh my god man what a waste
This bitch knows she's perfect, but I treat her like a 8
Nigga want some smoke, then Ima treat him like an eighth
All this ice like figure 8's
My white bitch look like Sharon Tate

Shades on like I'm blade
You ain't real, it's just a phase

I can't love these bitches, man man
Get it how I'm living, man man

Pouring up lean on a plane I'm flying for real
I'm flying in a hellcat like it's a Bonneville
For 10k I'ma have to offset all my wheels
Nigga like me let drum hang out the steel
I got bitch who bad but still a steal
Ice on my neck shine bright that bitch a lamp
Before I miss a bitch, I miss my exit ramp

Man man
