Yea, but that Mercedes Benz much better for my posture  
Bad Bitch with me, Actress No Oscar  
Pour the four of lean, how you think you coming clean  
Please be ill-advised, I ain't got no asthma

How you smoking gas, while he at the pump  
Pumping number '93, in the AMG color Green  
3G, just for my bitch, took off her Sephora  
Ain't no hide and seek, if you see her once, you looking for he  
r  
I just checked my balance, and it's looking like mileage  
How does this two-door white look like a bone no cartilage  
Why do you keep on tryin' to change the paint, like art on it  
Iced out and walk out with the Louis socks, and they ran me 456  
One tee shirt, ran me 456  
I am in hellcat like it got a 454  
Why you buying shit on accident, but on purpose  
She wrapped around my finger, give me head like a Turban  
Want to come around me, up and down it's a strut  
Photo 26 inch offsets its looks up  
Wonder why I get bread, wonder and rye  
Ain't it like a front porch, how we come up  
Running with the fog lights, while the sun up  
Neck like a mob tie, til she dum up

Yea, but that Mercedes Benz much better for my posture  
Bad Bitch with me, Actress No Oscar  
Pour the four of lean, how you think you coming clean  
Please be ill-advised, I ain't got no asthma
