

## Own Shit

Valee

Smoke my own shit

My own

'Bout to start my own shit

I got tired of buying dope, I'm 'bout to grow my own shit

I got tired of fucking hoes, I'm 'bout to fuck my old bitch

I got Backwoods from the store, I'm 'bout to roll my own shit

'Bout to start my own shit

Seen a bad bitch in the lobby, 'bout to see what room she in

I got OG and this loud, I know you smell it, you don't see it

And my odour from a half a mile away, you smell it, you don't see it

And my motor from a half a mile away, you hear it, you don't see it

Think I'll get my own shit

I got tired of buying Balmain, I think I'll make my own shit

You on that acting wrong shit

I got something in my trunk that probably get you right quick

I'm in STORY in Miami

It's a group of Asian bitches tryna see what section we in

I spent six racks on 26s

Put 'em in the trunk and left 'em, I'm 'bout to mount my own shit

'Bout to start my own shit

I got tired of buying dope, I'm 'bout to grow my own shit

I got tired of fucking hoes, I'm 'bout to fuck my old bitch

I got Backwoods from the store, I'm 'bout to roll my own shit

'Bout to start my own shit

Seen a bad bitch in the lobby, 'bout to see what room she in

I got OG and this loud, I know you smell it, you don't see it

And my odour from a half a mile away, you smell it, you don't see it

Bought codeine and it wasn't hit

I'm 'bout to pour it in my double cup and sip my own shit
