We Still Do
Hit dat bitch from back and give dat hoe right back
I'll Still Do
Count guap in our living room
Glock for who tryna steal loot
Foreign Car (no jiffy lube)

I just spent two racks, Gucci flip-flopp-ing me
In a week, I spend twenty Gs
Bitch unique, I feed her Vegemites
All dat ice, we puttin' dat ice with tea
I got different spots, I'm tryna retreat
Runnin' up, your life is obsolete
I'm coppin' designer, you cop a plea
I'm coppin' designer shit, like its cheap
Runnin' up on me, your life is cheap
And dat lean ain't fake, I really need it
In the Hellcat like a leopard, should be buckled up
I spend racks on her makeup, ain't no touching up
On dat bread like Papa John, cause I'm Don Corleone
'Dis bitch can hear my phone, she won't leavemelone
