Valee

I ash on the digital dash  
I smash on the pedal, it snatch  
I shift, it jerk when it catch  
I roll up OG out the batch  
And my designer don't even match  
Behind this bitch, from the back  
My cup of codeine look like 'Gnac  
This bitch want a Perc and a flat  
And I ain't posted up like a [?]  
This coupe without the paper tag  
And I love the money so bad  
I fuck it up and get it back  
And I treat the coupe all cheap  
I want the motor in back  
And I ain't pourin' codeine in my tea  
These jeans I got on cost 10 racks

I got my own  
I stack my bread up  
Got your ho on the phone  
I fuck a cheque up  
Oh, yes I did  
I treat a slut bitch like they ain't shit  
I treat the two door like it ain't shit  
I buy the codeine if it ain't hit  
I pour a four and I sipped it quick  
I got my own  
I stack my bread up  
Got your ho on the phone  
I pick a bag up  
Oh, yes I did  
I got this pistol on the back seat  
I got this bitch, that's the most you need  
I stack the blue faces tall as me  
I got the camera in back of me

I got the seat back in the Jag  
I smoke by the zip, not the bags  
I'm spendin' the money too fast  
I'm already knowin' you mad  
I fuck up a check and a bag  
I got the bitch chasin' the cash  
She walk in with all of the bags  
Just because I fuck with you  
I was smokin' dope with you  
I'm switchin' lanes, drivin' too fast  
You knowin' these kicks is stacked  
The coupe always smellin' like gas  
And I got the .40 with the beam  
And I start it up without the key  
And I get the hoes by the 3  
And I got different drugs in my pee  
I stuff blue faces all in the stash  
I got 200 all on the dash  
I done spilled codeine on my floor mat  
I pick the dope up from over there

I got my own  
I stack my bread up  
Got your ho on the phone  
I fuck a cheque up  
Oh, yes I did  
I treat a slut bitch like they ain't shit  
I treat the two door like it ain't shit  
I buy the codeine if it ain't hit  
I pour a four and I sipped it quick  
I got my own  
I stack my bread up  
Got your ho on the phone  
I pick a bag up  
Oh, yes I did  
I got this pistol on the back seat  
I got this bitch, that's the most you need  
I stack the blue faces tall as me  
I got the camera in back of me
