

Rezerection

Valient Thorr

i can bring your mind back to life
shake yr head til the sweat runs free
yr due for a rezerection
yr jaded beyond belief
who do you run with honey?
why do you act this way?
big brother's watch has ended
we're gonna make them pay!
This prison earth was not for me
but where were we to go?
the information that i sought
was not for me to know

i walked a million miles
i was shot down in the street
they tried to take us out
before the mission was complete
i walked a million miles
i was shot down in the street
they tried to take us out
before the mission was complete

wake up from your deep sleep can't you see those people
are tryin
to rip you off?
you must have shit for brains if you believe anything
that comes from
that little box we monitored progress over the years
and if one thing
remains the same its that monkey see and monkey do if
itll get em just
a bit of fame i got down i got down on my knees i was
twisted
resurrected fake death and brainwash your mind has been
rewired
flatline to the other side come back and you're never
tired e.t.'s and
earthlings live together in harmony when they die just
put em back
together rezurrectionll set chu free i can bring your
mind back to life
