

## Amongst the Filth

Vallenfyre

Amongst the filth  
A human mire  
Demons celebrate  
This circle of vice  
Sleep in oblivion  
The descent of remorse  
We the repulsive  
Of sinful breast  
Savage yet feeble  
A worthless procession  
Devils feign horror  
A clandestine return  
Beyond the chains  
Reflected fear  
Impostors and slaves  
The hostile blood  
It pours

The damned rise and obey  
Surging vile aggression  
The ruthless swallow decay  
Rejecting violent  
Oppression
