

# **Soldier of Christ**

**Vallenfyre**

Rewarding horror  
With sanctuary  
Covet the bodies  
To choke on the seed  
Innocence dies  
Twisted wrath  
The white serpents rise  
Breathless body  
Dragging its head  
Devoid of purpose  
A deteriorating vessel  
The nameless drown  
Arrogance feeds  
Lambs to the slaughter  
No rest for the meek  
Soldier of Christ  
Sins absolved  
Your god given right  
The screams of the suicidal  
Ride on a vicious wind  
Cowering like wounded deer  
Grace turns to horror  
Abused by the protectors  
Baptised in the filth of mankind  
Behind the glorious curtain  
Maggots feast  
On the blood divine
