

## Cocoon

## Valley

Caterpillar, what you wishing for?  
To spread your wings or crawl a little more?  
Nothing's what it was and what was once before  
You buried underneath your parents' floor

Someday you'll fly  
Someday you'll bite  
I'll be by your side  
At least I'd like to be

How'd you get so lost inside your head?  
Spun and tangled up in Charlotte's web

And now our tree is falling  
And I can't save you, darling  
'Cause I never got my wings to work again

But you gotta fly  
You gotta bite  
To save your life  
Just hold on tight  
You'll be alright  
You'll be alright

Fly fly fly  
Bye bye bye  
Fly fly fly  
Bye bye bye  
Fly fly fly  
Bye bye bye
