

## Drive

Valley

Loving you, loving you is too hard  
All I do, all I do's not enough  
Loving you, loving you  
I cannot be loving you, loving you

Sat back with the window down  
Eighty an hour and the radio loud  
The same songs with the same old rhymes  
Tell me to shake it off and swing from the lights  
But I can't help but drive away from all the mess you made  
You sent this hurricane now it won't go away  
And I promised I'd be there but you don't make it easy  
Darling please believe me

Cause loving you, loving you is too hard  
All I do, all I do's not enough  
Loving you, loving you  
I cannot be loving you, loving you  
Loving you, loving you leaves me hurt  
All I do, all I do is get burnt  
Loving you, loving you  
I cannot be loving you, loving you

Count stacks of the routine lies  
Funny how easy you could see my blindside  
Still the same songs with the same old beats  
Sure I could stay but there's a place I'd rather be  
But I can't help but drive away from all the mess you made  
You sent this hurricane now it won't go away  
And I promised I'd be there but you don't make it easy  
Darling please believe me

Cause loving you, loving you is too hard  
All I do, all I do's not enough  
Loving you, loving you  
I cannot be loving you, loving you  
Loving you, loving you leaves me hurt  
All I do, all I do is get burnt  
Loving you, loving you  
I cannot be loving you, loving you

See I remember all the times you made me covered in crazy  
I can't forget about the way you played me  
Like I was never gonna change your world  
It ended long ago so please just let me go  
It ended long ago so please just let me go

Loving you, loving you is too hard  
All I do, all I do's not enough  
Loving you, loving you  
I cannot be loving you, loving you  
Loving you, loving you leaves me hurt  
All I do, all I do is get burnt  
Loving you, loving you  
I cannot be loving you, loving you  
Loving you, loving you  
All I do, all I do

Loving you, loving you, oh  
Loving you, loving you, oh
