

## Growing (Apart)

Valley

Friday never felt so faithful  
Bad blood at a café table  
You sucked the air out of the room  
Don't cry if you're not sorry  
Hey hey now it's your party  
But you take the cake and eat it too

The truth is

I can't stand you  
But I can't stand to lose you again

How on earth did you get the audacity?  
To push me away like you're gravity  
Send me to the dark side of the moon  
(Yes you do)  
You said we were like family  
Stuck in my teeth like a cavity  
Can't seem to pull you from the root  
What am I supposed to do when?

I can't stand you  
But I can't stand to lose you again

I can't stand you  
But I can't stand to lose you again

Tell me what am I supposed to do when  
All of me was half of you and  
What am I with a broken heart  
Are we growing together or growing apart?

Tell me what am I supposed to do when  
All of me was half of you and  
What am I with a broken heart  
Are we growing together or growing apart?
