

Life Goes On Without Me

Valley

Hotel breakfast
I can't write a song
Showers running
Water dripping off my nose
Crying in Tokyo

Plenty faces love to play the role
I was happy 'til I wasn't, so it goes
Still crying in Tokyo
Out here on my own
She said

"How do you sleep at night?
I'm breaking my back just to make you smile
I was a brittle for this"
Oh, honey, isn't it obvious?
Isn't it obvious?

Open spaces
Claustrophobia
Desolation
Of destinations I don't know
So in life being the punchline of the joke
I laugh alone
She said

"How do you sleep at night?
I'm breaking my back just to make you smile
I was a brittle for this"
Oh, honey, isn't it obvious?
Isn't it obvious?

Isn't it obvious?
Isn't it obvious?
