

Like 1999

Valley

Woke up, it's 2021
I wanna get texts, but I never wanna text back
Fuck man, I'm 2020 done
Another paycheck and I blew it, but I'm still sad

We talk all of the time
But it still feels like I'm just a voice on the line, so

If you wanna come over, watch Friends and then get high
Use my phone as a coaster, we'll travel back in time
Lights on the ceiling, we're more than a feeling
If you wanna come over, act like it's 1999

Woke up, had a dream about You
We were parked in a Pontiac, making out, no internet
Ten things I hate about you, honestly nothing

We talk all of the time and I love it
So what are you doing tonight?

If you wanna come over, watch Friends and then get high
Use my phone as a coaster, we'll travel back in time
Lights on the ceiling, we're more than a feeling
If you wanna come over, act like it's 1999-9-9-9 (One sec')

Do you mind if I'm nostalgic? Let's go back before 2000
Back before our love was so distracted
I wish that Y2K had happened, we would stay forever classic
You and I both be trapped in, in 1999

We talk all of the time and I love it
So what are you doing tonight?

If you wanna come over, watch Friends and then get high
Use my phone as a coaster, we'll travel back in time
Lights on the ceiling, we're more than a feeling
If you wanna come over, act like it's 1999
If you wanna come over, act like it's 1999
