

Namedropper

Valley

Talk about the movie that you said you're in
With the car and the crash and the cops come rolling in
They sell your t-shirt down in Dallas
I kind of wear it just to show them

I'm a namedropper oh
You're just a show stopper, oh
Late when I'm out thinking how
I've never seen you on the screen

Everyone knows you
Everyone says they know your name
Everyone tells me you're in a hedonistic game
I'm just a namedropper, oh
Out with the fame stalkers, oh
(Where) everyone knows you
Everyone says they know your name

(Somewhere)
Somewhere on the way to Reno
(I saw a) billboard sign of you and Leo
I heard you're coming home for Christmas
I bet you barely even miss us

I'm a namedropper, oh
You're just a show stopper, oh
Late when I'm out thinking how
I've never seen you on the screen

Everyone knows you
Everyone says they know your name
Everyone tells me you're in a hedonistic game
I'm just a namedropper, oh (I'm just a namedropper, oh)
Out with the fame stalkers, oh (Out with the fame stalkers)
(Where) everyone knows you
Everyone says they know your name

(Namedropper, oh)
(Fame stalkers, oh)
Got a heart for the ones who's just driving around

Sink until you swim and your money is gone
I need a change, change, change, change
Got a heart for the ones who's just driving around
Only waits for the call when you get into town
Sink until you swim and your money is gone
I need a change, change, change, change
Got a heart for the ones-
