

My friend, you lost your head again
Hot hands, you're onto my neck
A drug test and you're still failing me
All you do is take, take, take
Black boots and her French heritage (Ah-ooh)
She's scaring me with your friends (Ah-ooh)
She's 20 now and ahead of it again
While I'm still afraid, afraid, afraid (Ah-ooh)
Do you get afraid, afraid, afraid?
(Ah, ah)

(Ah, ah-ah-ah-ah) Show me the water
(Ah, ah-ah-ah-ah) Swim deep 'til you come home
(Ah, ah-ah-ah-ah) It's all that we've wanted
(Ah, ah-ah-ah-ah) And all that you've ever known

Swim deep, you gotta make it better
I'll be waiting on you forever
Swim with me, get to someplace better
I'll be waiting on you forever
(I'll be waiting on you forever)

My friend, are you still wide awake?
My hands, they cover your eyes
'Cause I've been living out in silence now
And I stumble, I stumble the night
Yeah, I stumble, I stumble the night
(Ah)

(Ah, ah-ah-ah-ah) Show me the water
(Ah, ah-ah-ah-ah) Swim deep 'til you come home
(Ah, ah-ah-ah-ah) It's all that we've wanted
(Ah, ah-ah-ah-ah) And all that you've ever known

Swim deep, you gotta make it better
I'll be waiting on you forever
Swim with me, get to someplace better
I'll be waiting on you forever
(I'll be waiting on you for-)

Show me the water
Swim deep 'til you come home
It's all that we've wanted
And all that you've ever known
