

Tempo

Valley

We can change the tempo
I like it when we go slow
The way you movin', the way you move is so pro
Like '98, you Michael in Chicago, let's go

Sunday morning, mwah, kiss the sky
Watch the sun rise in your eyes, yeah
Should we stay in park, should we drive
Your touch is timeless, cut from the finest

Ooh, you're like the shot 'fore the buzzer go
Ooh, the world could stop just because of you
In this time and space, I got nothing but patience, woah

We can change the tempo
I like it when we go slow
The way you movin', the way you move is so pro
Like '98, you Michael in Chicago, let's go

Every single day is a ride, woah
You're my parachute to survive on
Bubbles effervesce from the Sprite
The lights are flashin', yeah, you pull me back in

Ooh, you're like the shot 'fore the buzzer go
Ooh, the world could stop just because of you
In this time and space, I got nothing but patience, woah

We can change the tempo (Tempo)
I like it when we go slow (I like it when we go slow)
The way you movin', the way you move is so pro
Like '98, you Michael in Chicago, let's go

We can change the tempo
I like it when we go slow
The way you movin', the way you move is so pro
Like '98, you Michael in Chicago, let's go

Put us in a frame, hall of fame, yeah
I would run to Vegas, take your name, oh
This is not a spark, it's a flame
Long as I'm with you, it's something I'm into
(I think I'd like to stop dancing now and go to Denny's)

We can change the tempo
I like it when we go slow
The way you movin', the way you move is so pro
Like '98, you Michael in Chicago, let's go
