

Throwback Tears

Valley

I ain't crying throwback tears over us
I ain't tryna go back
No bad blood
Gave me three years
Then you gave it all up, baby

I'm on some new shit now
No illusions now
I traded medication for meditation
Amazing
I had a mood switch, wow

So sorry
Don't call me
Cause I

I ain't crying throwback tears over us
I ain't tryna go back
No bad blood
Gave me three years
Then you gave it all up, baby

I ain't crying throwback tears over you
Said you needed space so I went to the moon
Looking back I'm glad we broke up
I ain't crying throwback tears
Crying throwback tears over us

I'm in a new sitch now
Let's get acoustic now
I do whatever I want
No more clouding my thoughts baby

So sorry
Don't call me
Cause I

I ain't crying throwback tears over us
I ain't tryna go back
No bad blood
Gave me three years
Then you gave it all up, baby

I ain't crying throwback tears over you
Said you needed space so I went to the moon
Looking back I'm glad we broke up
I ain't crying throwback tears
Crying throwback tears over us

I ain't crying throwback tears over us
I ain't tryna go back
No bad blood
Gave me three years
Then you gave it all up, baby

I ain't crying throwback tears over us
I ain't tryna go back

No bad blood
Gave me three years
Then you gave it all up, baby
