

# Ephemera

Vallis Alps

And I was only watching silence grow  
Closed my eyes and knew you  
Thought I had it proved

And I was only hoping to be weightless  
See how far I could take this  
But it seemed so slow

You  
Waited so divided  
I was undecided, yeah  
Knew I could get lost  
I knew  
I threw it all away

I was only lost for one more day  
In the riches I gave away  
In the way I thought I was made, oh-oh  
I wasn't alone, I wasn't alone  
In the way I thought I was made, oh-oh  
I wasn't alone, I wasn't alone  
I wasn't alone

And she told me I would make it  
Only with one thing  
With one thing in mind, oh  
And I was only watching gold in the fire  
With one thing  
One thing in mind, mind, mind, mind

I wasn't alone  
I wasn't alone  
I wasn't alone
