

# Better When You Don't Know Better

Valora

I gotta go  
I can't live around anymore  
I'm still in love in you  
Don't wanna know  
How you with a room with door  
You been make it for soon  
I'm coming now, with blinds for dark  
I've come far, pretty easy pretty anymore

Please, I am the miss know we won't made of you  
And know mistakes and breaks will coming in around you  
I don't wanna see what it's ever hand  
I don't wanna know you told it's so sad  
I lot a bit and forget all  
It's better when you don't know better

Thinking back everything is nothing but you  
So we it is wonderfull  
Snick a check by information not even know  
Cause even easy never it and fall  
I can't it out and quiet and the dark  
No turning back there's uncut on you get this far

Please, I am the miss know we won't made of you  
And know mistakes and breaks will coming in around you  
I don't wanna see what it's ever hand  
I don't wanna know you told it's so sad  
I lot a bit and forget all  
It's better when you don't know better

No bring days when the lies be go  
We shine know what I know

Please, I am the miss know we won't made of you  
And know mistakes and breaks will coming in around you  
I don't wanna see what it's ever hand  
I don't wanna know you told it's so sad  
I lot a bit and forget all  
It's better when you don't know better  
It's better when you don't know better  
Ohh!! Ohh!!  
It's better when you don't know better!
