

You Make It OK

Valora

You can see is moment
(I wish I can old)
I know that it will end
(And what I will and plane)
We're getting closer
(But your arms feel cold now)
This couldn't be over
(Will I be left limb's)

I wanna make this real
Yeah!Yeah!!

Baby, if I make it easy
You maybe never love me
And never gonna last no no!
Maybe, you know I wanna like it
I can't hold, we take it
I wanna make it last, I wanna make this last

I am trying to hide it
Is so hard to find it
You're not gonna like it
But you know that I'm worth it
My heart is turning
You know that I'll burning
I'm fine know we learning
Then I want you that love me
Ohh yeahh!

I wanna make this real
Yeah!Yeah!!

Baby, if I make it easy
You maybe never love me
And never gonna last no no!
Maybe, you know I wanna make it
I can't hold, we take it
I wanna make it last, I wanna make this last
Yeah, yeah
You make it OK
You make it OK
You make it everytime as if was the last day
You make it OK

You maybe never love me
And never gonna last...
