

Generic Disease

Vampires Everywhere!

You say, you pray on broken legs
You say, one day you'll save your broken wings

I'll be the liar sugar, of unseen things
I'll be the spectral hooker of puppet strings

I am a nightmare, your generic disease
stripes on the floor bring you to your knees
I am a nightmare, your generic disease
stripes on the floor bring you to your knees

You say, you pray on broken dreams
You say, one day you'll eat your broken seed

I'll be the liar sugar, of unseen things
I'll be the spectral hooker of puppet strings

I am a nightmare, your generic disease
stripes on the floor bring you to your knees
I am a nightmare, your generic disease
stripes on the floor bring you to your knees

I am a nightmare, your generic disease
stripes on the floor bring you to your knees
I am a nightmare, your generic disease
stripes on the floor bring you to your knees

I'll be your nightmare, your generic disease
Spots on the stilts sugar, will bring you to your knees

Yeah (Yeah)

I'll be the liar sugar, of unseen things
I'll be the spectral hooker of puppet strings

I am a nightmare, your generic disease
stripes on the floor bring you to your knees
I am a nightmare, your generic disease
stripes on the floor bring you to your knees

Yeah (Yeah)
Generic Disease
Yeah (Yeah)
