

# A Foggy Day

Van Morrison

A foggy day  
Down in London town  
Had me down  
I viewed the morning with too much alarm  
Trafalgar Square had lost its charm  
How long I wondered  
Could this thing last

But the age of miracles  
Had not passed  
For suddenly the sun of smile  
Loosened and did lift

Well in foggy London town, the sun kept shinin'  
(Yeah baby)  
Everywhere, everywhere, everywhere

Well, foggy day  
In London town  
Had me feelin' low  
Baby, I was feelin' so down  
That I viewed the mornin'  
Viewed the mornin' with alarm [\*whistle\*]  
The British Museum  
British Museum seemed to lose all its charm

For so long I wondered  
Will the sun last?  
For the age of miracles  
Thank God hadn't passed, man  
Then I saw babe, I saw you standin' right there  
In foggy London town, the sun kept shinin'  
Everywhere

And the nightingale sang  
In Berkeley Square  
Nightingale Singin'  
Berkeley Square  
Nightingale Sang  
In Berkeley Square

Oh, foggy day
