Broken Record

Van Morrison

Baby, stall the gate for me
Take me, lift me out of my misery
Lift my spirit up, and set me free

When things are driving me insane
Let me hear that same rhythm ring
Over and over and over
And over and over and over and over again

Take it to the break
Don't make any mistake
For goodness sake
Have to stay awake

Broken record, broken record, broken record
Broken record, broken record, broken record
Broken record, broken record, broken record
Broken record, broken record, broken record
Broken record, broken record

Take it to the break
Make no mistake
Stay awake
Whatever it takes

Broken record, broken record, broken record...
