

Careless Love

Van Morrison

But you've passed my joy you've passed my game
But you've passed my door and you passed my game
You passed my door and you passed my game
But you just can't escape my certain heap

To love more love (love, oh yes, love) careless love
Wanna see what (see what love could do) careless love will do
Would you see what careless (see ee ee ee) love will do
When you love somebody who just cannot be true

Will love, will love, will love divine (love divine)
Will love, will love, will love divine (love divine)
Why you killed my love (uhu uhu uhu uh)
Draw my mother's storm wide (uhu uhu)
Love, oh love, oh love divine

Well, I love my mama and my papa too
Well, I love my mama and my papa too
Oh, my mama (uhh uhh uhh uhh) and my papa too
Well, I left my home just to go with you

Careless love I wanna shoot you four five times
Careless love I'm gonna shoot you four five times
I'm gonna shoot you (uh uh uh uh uh) four or five times
Stand over your body till you finished dying

I said love more love (love more careless love)
See what (see what love can do) careless love can do
See what careless (see ee ee ee) love will do
When you love somebody but just can't be true

Love, oh love, oh love divine (love divine)
Say love, love, oh love divine (love divine)
Can my daddy draw my brothers to a side
And say love, oh love, oh love divine
Alright

Love, oh love, oh love, oh love, oh careless love
Why'd you see what (see what love would do) careless love would do
See what careless (see ee ee ee) love would do
When you love somebody that can't be true
Play love

Dan-da-da-ran (Love, oh careless love)
Dan-dan-dan-ran (See what love could do)
Dan-dan-ran-ran (See ee ee ee)
Dah-dan-dan-ran-ran (Love, oh careless love)
