

# Come On In

Van Morrison

Come on in, ain't nobody here but me  
Come on in, ain't nobody here but me  
Sit right down and let's have some fun  
My old lady out all night long  
Come on in, ain't nobody here but me

Come on in, ain't nobody here but me  
Come on in, ain't nobody here but me  
I cook some meat, I'll bake some bread  
If you get sleepy, there's a great big bed  
Come on in, ain't nobody here but me

Come on in, ain't nobody here but me  
Come on in, ain't nobody here but me  
Take some liquor, take some wine  
Let's get drunk an' have a real good time  
Come on in, ain't nobody here but me

Come on in, ain't nobody here but me  
Come on in, ain't nobody here but me  
You can have some of this, you can have some of that  
Have everything in this doggone flat  
Come on in, ain't nobody here but me

Come on in, ain't nobody here but me  
Come on in, ain't nobody here but me  
You might be drunk and I don't care  
Why don't you pull on your underwear  
Come on in, ain't nobody here but me

Come on in, ain't nobody here but me  
Come on in, ain't nobody here but me  
I might be drunk and I don't care  
Why don't you pull on your underwear  
Come on in, ain't nobody here but me
