

Early Days

Van Morrison

Out of touch with memories and feelings
Of those early days of rock 'n' roll
Sometimes life just doesn't have no meaning
People just don't seem to have no soul
So I have to go right back to the beginning
And let that healing music flow
Get back in touch with memories and feelings
Of the early days of rock 'n' roll

Those early days
In so many ways
Well, brings that joyous feeling to my soul
Those early days
In so many ways
Early days of rock 'n' roll
Roll, roll, roll, roll, roll

Get in touch with memories and feelings
Of those early days of rock 'n' roll
Sometimes life just doesn't have no meaning
People just don't seem to have no soul
And then I got to go right back to the beginning
And let that healing music flow
Get in touch with memories and feelings
Of the early days of rock 'n' roll

Those early days
In so many ways
Brings that joyous feeling to my soul
Those early days
In so many ways
Early days of rock 'n' roll

Those early days, early days
In many ways, many ways
Brings a joyous feeling to my soul
Got to go right back to the beginning
So the early days of rock 'n' roll
