# Fighting Back is the New Normal

**Van Morrison**

Fighting back is the new normal
Gotta take a tip from the French
Fighting back is essential
Gotta stop sittin' on the fence

Ain't gonna take it no more
We just can't go on this way
Man, get up off the floor
Step to the people who saved the day

Fighting back is the new normal
Take a tip from the French
Fighting back is essential
Gotta stop sittin' on the fence

Ain't gonna take it no more
Man, and it don't make any sense
Open up the door
I wanna get it for myself

Fighting back is the new normal
Gotta take a tip from the French
Fighting back absolutely is essential
Gotta stop sittin' on the fence

Ain't gonna take it no more (Take it no more)
'Cause it doesn't make any sense (Ooh, ooh-ooh, ooh, ooh)
No sense (Ooh, ooh-ooh)
Open up the door (Ahh)
I got to get it for myself (Ahh, ahh)

Fighting back is the new normal
Gotta take a tip from the French
Fighting back is essential
Gotta stop sittin' on the fence
Fighting back is the new normal
Gotta take a tip from the French
Fighting back, absolutely essential
You gotta stop sittin' on the fence

You gotta stop sittin' on the fence
You gotta stop sittin' on the fence
You gotta stop sittin' on the fence
