

# Hold It Right There

Van Morrison

Love you, baby, baby, please don't go  
Wait a minute, baby, baby, please don't go  
Yeah, you leave me, now you know you're gonna hurt me so

Wait a minute baby  
Wait a minute baby  
Hold it right there  
Hold it right there  
Whoa, don't you go nowhere

Love you, baby, like a rooster hog loves his corn  
I love you, baby, like a rooster hog loves his corn  
Been in love with you, baby, since the day that I was born

You've gotta wait a minute, baby  
Wait a minute, baby  
Hold it right here  
Hold it right here  
Whoa, don't you go nowhere  
Don't go nowhere right now

Well, I love you, baby, oh, sweeter than a lollipop, pop, pop  
Love you, baby, you're sweeter than a lollipop  
Whoa, don't you flip or flop  
Flip, flop, flip

Wait a minute baby  
Wait a minute baby  
Hold it right there  
Hold it right there  
Whoa, don't you go nowhere  
Nowhere

You've gotta wait a minute baby  
Wait a minute baby  
You've gotta hold it right there  
Hold it right there  
Hold it right there  
Hold it right there  
Whoa, don't you go nowhere  
Nowhere

Wait a minute baby  
Wait a minute baby  
Hold it right there  
Hold it right there  
Whoa, don't you go nowhere
