

If We Wait For Mountains

Van Morrison

The world is full of wonder
It's never far away
It's right before your eyes
Every single day

Look of lovers walking hand in hand
Sound of music from a big band
Antique market in the village square
Pretty waitress with the long blonde hair

You'd find something every day
Take your breath away
World is filled with wonder
No matter what they say

You don't have to wait for mountains
Lift your spirits high
Wide oceans or deep valleys
Or eagles flying by

Wonders all around us
And life is all we've got
If you wait for mountains
Then you're gonna miss a lot

Look of lovers walking hand in hand
Sound of music from a big band
Antique market in the village square
Pretty waitress with the long blonde hair

You don't have to wait
Lift your spirits high
'Cause love is all around us
That's the reason why

Love is all around us
Life is all we've got
If we wait for mountains
Then we're gonna miss a lot
